Summons Thought Prompted by Sweeping Slashes at Navy Budget

Chief of Sea Forces Takes Plane to Catch Train for Washington

SAN DIEGO, Sept. 15.—Curti D. Wilbur, Secretary of the Navy, ummoned suddenly back to Washp.m. today in an airpfane by which deut. B. H. Wyatt of the Navy, and

Capt. Walter Gherardi, the Secretary's personal aidé, was a passenger in one plane and John May, private secretary to Mr. Wilbur, was in another.

Secretary Wilbur said before his departure 'that he did not know why he had been called back to Washington, but thought his presence there might be desired in connection with budget matters.

Secretary Wilbur was to have remained here until late tomorrow. He had already made a careful inspection of the Navy's big enterprises here before the message calling him back was received. His departure forced acandonment of much of a program arranged in his honor. This program included a formal dinner tomorrow evening.

INSPECTION HALITED

Secretary Wilbur said before his departure hat he did not know Washington, but thought his presence there might be desired in conscience there is a support of the formal dinner temporor evening.

FLAMING OIL FLOODS BAY

Boats Burned at Monterey When Last of Huge Tanks Collapses Sending Fire Quarter of Mile

MONTEREY, Sept. 18.—Ine oil fire which has been disking gere for more than thirty-six hours, came to a spectacular climax this afternoon when the last of the thirteen tanks collapsed, pouring faming oil out over the Monterey Bay for a quarter of a mile, destroying several fishing launches moored in the path of the conflagration, and presenting a terrifying scene to the thousands who lined the shore.

Although the fire started in the smoke and schools of fish leaping direction of the residential district a lucky shift in the wind sent it out over the bay where it burned itself out within half an hour. Only the remaining oil in the one tank is after now, and it is expected to be extinguished tonight.

Frequent explosions punctuated the spectacle this afternoon, gas generated by the fire being imprisoned by the heavy smoke, and exploding when the hungry fiames, which leaped 150 feet in the air came in contact with it.

operation of the highest degree of helpfulnes."

"I think," said Gen. Hines, "that never before has it been so necessary for us to form a just and true appreciation of what has lately been accomplished and then to see to it, by every means in our power, that the people of the United States have an understanding concerning the great work that has been done for the diashled in the service in time of war.

"I find the air at this moment is full of presages and rumors that attacks will shortly again be made upon the Veterans' Bureau, that propaganda of a certain sort is in preparation for use in purposes not at all connected with the interests of the exervice men and that publicity campaigns are projected in which it is intended to drag out the mistake and errors of the past before you and I put our shoulders to the wheel, and so to visit, as it were, the sins of the father upon the children of the third and fourth generation.

American War, without asking whether their allments were due to services or not, or brought about by their own misconduct or not, so long as the veteran is in need of hospital treatment and the government has the hospital to treat him in.

"We have solved the problem of rehabilitation. Up to July 1, 1921, only 5000 men had been rehabilitated. Since then more than 75,000 have been rehabilitated, over 60,000 of them within the past two years, and 40,000 others are in the course of completing training."

COOLIDGE GIVEN ROWELL PRAISE

Ex-Bull Mooser Pays Warm Tribute to President

Maryland and Washington Lining Up for G.O.P.

Republican Gains in Both States Are Reported

(EXCLUSIVE DISPATCE)
WASHINGTON, Sept. 15.—Chesr Rowell, long one of Califor-ia's progressive leaders, is strong-

nia's progressive leaders, is stronger than ever for the election of President Coolidge upon his return this morning from a weekend cruise down the Potomac on the Mayhower.

"It confirmed my optimistic impression of the President," was the way the former leading Rooseveit man put it.

Rowell did not find the President such a strainx as he has been pictured in the past. He said:

"The President has his moments of silence but I learned later he does a whale of a lot of thinking when he is in those moods. I had that proved to my satisfaction when he worked out a problem we had all been discussing and he had the clearest vision of any of us. When he wants to be the President is an able, interesting, charming and versatile conversationalist and an interesting one, too."

too."

Secretary and Mrs. Hughes were
the only other guests of the President and Mrs. Coolidge on this trip.
They attended a Methodist church
Sunday morning at Crisfield, a
small Maryland town.

JEWISH POGROM **TOLL IS 79,000**

Total of 50,000 Driven Out of Homes During Strike in Ukraine Region

KHARKOV (Ukrainia,) Sept. 15 .- According to the findings of special commissions which have been investigating the loss of life and property caused by intervention and the Russian civil war, 1235 Jewish pogroms occurred in the Ukraine region in which 79,000 persons were killed, 50,000 driven from their homes, and 20,000 children rendered destitute.

A large number of small towns and villages were destroyed. Several Communists stated that they had lived through as many as seventeen pogroms.

******* the Washington office of the Republican National Committee issued a statement today giving the result of a comprehensive and upto-date survey of the political outlook in the State of Washington.

Mr. Reynolds's statement, which is based on a dispatch from C. B., Fitzgerald, Republican State chairman of Washington, estimates the plurality for President Coolidge in the November election at a minimum of 30,000. It is expected that approximately 420,000 votes will be cast in the State.

COOLIDGE CAUSE GAINING

COOLIDGE CAUSE GAINING

the only other guests of the President and Mrs. Coolidge on this trip. They attended a Methodist church Sunday morning at Crisfield.

small Maryland town.

MARYLAND'S FAVORABLE
Senator O. E. Weller of Maryland. who visited the White House today, told President Coolidge that the Republican party has an excellent chance of carrying Maryland and thereby increasing its margin in the Electoral College on November 4.

Senator Weller after reviewing the situation with the President declared that the issue in Maryland now hinges on the vote of the 30,000 to 40,000 independent voters who normally affiliate with the Democratis in State politics, but who lean to the Republican camp In national politics.

Conservative business, including this large block of independent voters, he said, now appears to be leaning decisively toward President Coolidge. Two reasons are actuating them, namely, the feeling that Davis cannot be elected and that the Democratic ticket was greatly weakened by Charles W. Bryan, the running mate of Davis.

Senator Weller authorized the trollowing statement:

"Maryland has a large affiliated Democratic majority on the books, but in national politics Maryland leans to the Republican party. The trend in this direction is more than usually strong. For one thing the President made a tremendous appeals by his Lafayette day address in Baltimore and left a most favorable impression. I feel that he swung many thousands of voters to him by his defense of the Constitution aione.

the clerk to reject the petition, and Nathan Moran, attorney of San Francisco, acting for the petitioners, appeared before the court. Mr. Greer appeared, he explained, as a friend of the court because of his doubt of the law, which he considers ambiguous. The refusal to accept the petition was on the grounds that the law does not provide for direct nomination by petition in a case of this kind, nor that a a number of candidates be nominated as a group. The common procedure is for the electoral candidates to be selected by political conventions, but in the present situation the La Follstte electors appear as independent candidates, with no formal party backing.

Mr. Moran argued that the law provides for a blank column for candidates, mames to be written in, and that this is the legal and proper provision for independent candidates.

The petitions in ordinary cases must be circulated between the dates of August 31 last, and the 30th inst., with the Secretary of State, in order to have the welctors' names placed on the ballot. Ten thousand and ten names must be procured on the petition or petitions.

THREE WAYS OPEN

Three metals to reject the petition, and didners of his own bands today.

RUNAWAY WIFE AND MAN TAKEN

Couple is Held on Charge of Robbing Sick Husband

Woman Accused of Leaving Children in San Diego

Pair Wanted in Forgery and Theft of Auto

ROCHESTER (N. Y.) Sept. 18.-Charged with a series of crimes, Mrs. Clarence Phillips, 26 years of age, and her companion, Earl W. Tingley, are held by police at Horangly, are seed by police at for-nell, N. T., awaiting an officer to take them back to San Diego. They fled from that city on August 26 last in an automobile said to have been stolen, and were caught here today through vigilance of Deputy Sheriff Tetter, who read one of the circulars sent out by the California police.

Sheriff Tetter, who read one of the dirculars sent out by the California police.

According to the San Diego police, Mrs. Phillips left three small children destitute at home while her husband was seriously ill in a hospital. She took everything of value and ran away with Tingley, who is said to have stolen a car and quantities of other articles to finance the trip. Mrs. Phillips also is said to have cashed forged checks totaling about \$1000 throughout California some years ago. The woman was formerly Eva Moore of Canistso, N. Y., and had lived in San Diego for years. The couple said they would waive extradition and return to California. They arrived here last night, the woman going to the home of her father, Fred Moore, at Canistso, and Tingley to his father's home in Hornell.

The arrest of Earl W. Tingley and Mrs. C. A. Phillips marks the end of a nation-wide search prosecuted by Sheriff James Byers and his deputies. The arrests were made on information supplied from the Sheriff's office.

The couple left National City August 25, the woman leaving her sick husband and two children. She is charged with taking everything of value in the Phillips home. The warrant for Tingley charges that he forged checks to the amount of \$800, stole a watch, automatic pistol, diamond ring, automobile tires and wearing apparel. In addition he is charged with having taken small sume of money from the banks of the children of his companion. Tingley is an automobile mechanic and is 29 years of age. Mrs. Phillips is 26.

WALES MAY DELAY HIS DEPARTURE

Prince is Enjoying Stay at Long Island so Much He May Linger Longer

NEW YORK, Sept. 15.—The Prince of Wales has had such a delightful time on Long Island since he came here seventeen days ago that he may prolong his visit. It was said at the James A. Burden was said at the James A. Burden estate at Syosset today that the royal heir may not leave on Thursday for his Canadian ranch, as he planned, but may extend his visit until the end of the week. That would give him a chance to see the last pole grame of the international matches on Satudray. Perhaps the happiest girl on Long Island today is Miss Dians Guest, the daughter of Capt, the Rt. Hon. Frederick A. Guest and Mrs. Guest of Wheatley Hills. The Prince presented his favorite pole pany, Ashby, to Miss Guest, whose parents are friends of the royal family.

All formal entertainments

procents, sept. 15.—In Justice Bolen's court this afternoon a Coroner's jury returned verdicts that the deaths of Velma Pea. a Hop! Indian girl, and Anna Beile Crans. a Navajo, were due to negligence, and especially named J. D. Durand, disciplinarian in charge of the girls at the time of the accident, and J. Brown, school superintendent, although the latter was not present at the time.

It was declared there had been culpable overloading of a motor truck and trailer on which 124 female pupils of the Phoenix Indian schools were taken last Friday to the Defense Day parade in the city. Eight of the standing passengers fell from the rear of the truck at a turn in the city and three were caught under the wheels of the trailer.

SEPULVEDA COURSE LAID OUT BY BELL

Architect Billie Bell, in charge Architect Billie Bell, in charge of the construction work for the Sepulveda Country Club, located just a mile from the Soldiers' Home at Sawtelle, has laid out the complete eighteen holes for this unique mountain golf course. Practically all the brush has been cleared away, a force of fifty men teams and tractors in charge of President Harold M. Lewis having accomplished this work in the last thirty days. Hundreds of members of the Southern California Athletic and Cruntry Club now are enrolling with the Sepulveda Country Club, which gives members of the Southern California Athletic and Country Club excellent close-in golf facilities.

Great Ball Player Died as White Sox Pilot

Made Diamond History With His Great Team

Frank Chance, manager of the Chicago White Sox, and a notable figure in baseball for a quarter of a century, died suddenly yesterday evening after a gamely fought battle lasting more than a year to regain his health.

Suffering from bronchial asthma which had weakened his heart, he took a turn for the worse yesterday afternoon. Because of his grave condition, Dr. George Pinoreground at
Toledo Track

oes. attending physician, ordered
Chance removed in an ambulance
to the Good Samaritan Hospital.
Mrs. Chance accompanied him in
the ambulance.

TOLEDO (O.) Sept. 15.— Favorites won in three out of the four races on the opening-day card of Toledo's second Grand Circuit meeting of the season here today. Hollyrood Frisco, driven by Will Croxier, the top-heavy favorite in the Elika' Club trot, feature event of the day, had easy going and led the field home in each of the three heats.

Prince Loree, with Mike McDevitt in the sulky, had no trouble in winning the 2:06 pace. Henry Ford took the 3:15 pace in straight heats from a cheap field.

The only outsider of the day to capture a race was Sarah Thomas with Stokes up. She won the 2:15 trot from Royal Harvester and All Worthy, the favorites, by taking the second and third heats. Royal Harvester won the first heat.

Elit Club tret, press 1400, where bests: Conciser of the day to capture a race was Sarah Thomas with Stokes up. She won the 2:15 trot from Royal Harvester and All Worthy, the favorites, by taking the second and third heats. Royal Harvester won the first heat.

Elit Club tret, feature event of the day to comiskey, owner of the ball team, advised Chance to return to California for several weeks in Los Angeles. Recovering sufficiently, he went to possible the second and third heats. Royal Harvester won the first heat.

"Of course he's not going to rettre," said Mr. Paddock emphatically. "He'll be out for the 1928 Olympic team and so will I," spoke up Fairbanks, who has already begun to follow in his father's athletic footsteps. "Well, I may be out on the track again later," said Paddock, "but it takes a lot of work and I believe that lack of sufficient training caused me to be beaten in the Olympic Games, although I don't want to try to detract from the performances of the men who beat me." "Just now I plan to rest up for a few weeks, get caught up on some of my writing and then go back East for another lecture tour," finished the sprinter. HANDED TO RIM

NEW YORK Sept. 18.—Sued for divorce, ordered to pay \$25 weekly alimony and \$35 counsel fees out of his \$100 a week salary to Mrs. Markan Haslup Hurley, actress, who carns \$1500 a month as a model, and horsewhipped by his wife's girl friend—all within a week, surely Edward Huhley, promoter for Pathe films, believed his oup of sorrow had been filled near to overflowing.

But that was before a deputy sheriff looked him up in Ludlow-street Jail in default of \$1500 on a body attachment obtained by Mrs. Hurley, who told Justice Proslave the jurisdiction of the Supreme Court to avoid alimony payments. After a restless night in a cell Hurley was released.

"This is deliberate spitework by Miss Vera Mine Hall, who tried to horsewhip me," he said. "It was she who corroborated my wife's affidavit that I said I intended to look to Chicago and would not pay alimony. I never made such a statement."

SKULL FOUND RECALLS DAYS OF APACHE WARS

DOUGLAS (Ariz.) Sept. 15.—in a reacky dieft of the Dragoon Mountains, a few miles from Cochise Stronghold, a prospector has found grewsome relics of the days of Apache warfare—a skull, rife-revolver and asher of old Army pattern and a diary that told the story of the life of Enos W. Salmon, the soldier who had perished. It told that he had been bern in 1852 in Seymour, O., where has lived till enlistment in the cavalry. The last entries were in 1878, during the course of a campaign. It is possible that he was not killed by Indians, who, it is assumed, would have taken his firearms. An effort will be made to find Salmon's relatives in Ohio.

MIDDLE WEST NEWS IN BRIEF

ST. PAUL. Sept. 15.—Minnesota's largest oats crop in her history will be produced this year, based on the September 1 forecast just issued. Improved condition and yield also are noted in the report for spring wheat as compared to the August 1 forecast, and for barley, flax and potatoes. On the other hand, corn is forecast at 118,900,000 best than the forecast a month ago and the prospects are the poorest for many years, the report says.

Pine Island is to have a new bank, which will succeed the State Bank of Pine Island, which closed its doors some time ago. The bank is capitalized at \$20,000.

THRIFT.

INDIANAPOLIS that part of Indiana as a physician and surgeon, died at his home there. Dr. Thompson practiced medicine in Winamac for fifty-four years, having located here in 1870. He was a native of Cass county. He represented Pulaski, White and Carroll counties in the State Senate during the 80°a. He was a member of the Masonic, I.O.O.P.. Bastern Star and Rebekah orders and of the Kiwanis Club.

The Twin City Garage building at Gas City, and twenty-two automobiles housed in it, were destroyed by fire yesterday, entailing a loss of \$85,000, on which there was said to have been practically no insurance, either on the building or equipment, few of the machines carried insurance.

LOUISVILLE, Sept. 15.—Alr half of the inheritance taxes certified by the State Tax Commission fied by the State Tax Commission in its report for August were paid out of the estate of Col. Edmund H. Taylor, Jr., whisky distiller, Frankfort, who died February 19, 1923. The total taxes collected by the commission amounted to \$42,-971.73 while the tax of the Taylor estate amounted to \$18,744.37.

Mrs. Anna E. Lawrence, one of the oldest and best known women in Montgomery county died at Mt. Sterling of general debility. Mrs. Lawrence possessed a wonderful memory and told many thrilling stories of the days gone. The burial took place yesterday.

Relatives at Franklin, Ky., have

Relatives at Franklin, Ky., have received news from Albuquerque, N. M., of the death there of Mrs. Hattle Finn, wife of John B. Finn, a former financier and merchant of Franklin.

Important Business Centers in the Los Angeles Metro-politan District.

"Jim, how do you find business these days?"

By going out and looking for it, Tom!"

N the "dear, dead days beyond recall," business went looking for some one to accept it. But "them days are gone forever."
Those who go out diligently looking for business today, are finding it. And none others! The same will be true next month and the month after.

One mighty good way to look for business is the way of 'Direct Advertising' messengers, sent out when, where and to whom you choose to tell your business story.

Well written. Well illustrated. Well printed. Such messengers represent you intelligently and fairly.

About the poorest way to look for business is to send out poorly written, poorly illustrated and poorly printed messengers.

They MIS represent you-just as the poorly dressed, unkempt, unshaven salesman MIS represents his house.

MIS representatives are always an Expense—never an Investment. But you are judged by them just the same!

The Los Angeles firms here listed are equipped to Serve you intelligently-accurately, with anything you need in the Graphic Arts.

We are looking in your direction. If you are looking in our direction, we shall get together. Take a good look!

Included in our Membership are Printers, Lithographers, Photo-Engravers, Steel and Copper Plate Engravers, Electrotypers, Manufacturers of Loose Leaf Supplies, Book Binders, Greeting Card Manufacturers, Stationers and Typesetters.

ways and means of conserved and rehabilitating the fish resources of the coastal waters and inland streams of the United States. These conferences will be called by Secretary of Commerce Herbert Hoover, who announced the stream of the United States. These conferences will be called by Secretary of Commerce Herbert Hoover, who announce on the points of the annual convention at the annual convention at the annual convention of the stream of the protection of the stream of the points out that the major problems. Secretary Hoover has a definite plan for interstate conservation. He points out that the major problems, especially those with reference to fish in coastal waters, are not confined to a single State, but involve two or more States by the state of the problems. The habitat of each species and the special habits must be considered as a whole if there are to be an object of the state of the problems. The habitat of each species and its special habits must be considered as a whole if there are to be an object of the state of the problems for lower to handly.

NOT LOCAL QUESTION

The habitat of each species and its special habits must be considered as a whole if there are to be an object of the state of the problems of the states in the special problems for lower and the special problems for local solution. It would be effective. Interstate commissions could be set up consisting of the solution of the states intersected in a given problem, with power to a think the problem, but was vital to the existence of our fisheries and they problem, but was vital to the existence of our fisheries and they maintenance, make the conservation of the states interested in a given problem, with power to act in its determination. the Federal govern.

The part of the federal govern. The part of the Federal govern. The part of the Federal govern. The part of the Federal govern. The part of the Federal govern. The part of the Federal govern. The part of the federal govern. The part of the federal govern. The part of the federal gov The restoration of a single great fishery is in Secretary Hoover's opinion of greater importance to the American people in production and livelihood than half a dozen land reclamation schemes. He nresents some startling figures to show how we have been destroying and wasting our fish resources. Salmon have disappeared entirely on the Atlantic Coast and have been diminished one-half on the Pacific. The sturgeon fisheries of the Great Lakes have decilined 98 per cent in forty years and are almost gone on our coast.

GOVERNOR AND PRISON

A Ku Klux Klan row is hinted in the request by Gov. Neff for the resignation of W. N. Miller, warden of the State penitentiary at Huntsville, following a series of conferences behind locked doors. Miller, who took office early this year, is the first Texas warden to execute a prisoner by electrocution. He has been given until October 1 to resign. Reports from Houston and other sources indicate that Miller is listed as an anti-Kianner, and that for some time past friction has been apparent between him and the prison commissioners and advisory board.

AUTHOR IS SENTENCED

PHOENIX, Sept. 15.—Donald Lowrie, also known as Arthur Jamison, detective-story writer, a former San Quentin convict, has been given from four to ten years in the Arizona peniteatiary, and his confederate, William King, has received a minimum sentence of a year. Both pleaded guilty to participation in thirteen first-degree burglaries in Phoenix, Chandler and Prescott.

CHICAGO, Sept. 15.—Months of Investigation has convinced Coroner Oscar Wolff that he knows who

Heddisron-Cham
Mad Main Palming

Bayland Palming CHICAGO, Sept. 15.—Months of investigation has convinced Coroner Oscar Wolff that he knows who killed John Duffy, alias Daugherty, last February. He said today he has reasons to believe Policeman Leo W. O'Neill, acting deak sergeant at Englewood station, who was arrested Saturday as a master bootlegger and moonshine distiller, killed Duffy.

Coroner Wolff said that on the night of February 21. Policeman O'Neill shot one of several men who were in the act of stealing a cargo of liquer. Those robbers were Duffy and three Cicero policemen. Wolff said he has been informed.

As it was told to the Coroner, and as he repeated it, the events leading up to the death of Duffy were as follows:

Duffy had killed his supposed wife, Maybelle Exiey Duffy, the night before, and her body was still in his flat, unknown to any except himself and William Engelke, his friend. Duffy needed money to get out of the city sefore the body was discovered or to dispose of Maybelle's body in some way.

Totale Compound

Midden. "My troubles and pains in my back and terrible bearing-down pains in my right side, also headaches and despless nights. I Maybelle's body in some way.

PLANS ROBBERT

Orlande Horton and Fred Curtiss had robbed him of what money he had accumulated and he had to get hold of a large sum at once. So he planned a boose robbery.

The knew about the whisky plant in O'Neill's garage," said Mr. Wolff.

Was Id, and they have increased as I gave older. A little booklet was left at my door, and I read what Lydis E. Pink.

Lydis E. Pink.

Lydis E. Pink.

Lydis E. Pink.

The said owner of the liquor.

"Engelke was afraid of Duffy and didn't dare tell about the murder of Maybelle. Therefore Duffy let him itwa.

"Engelke previously told us the last he saw of Duffy was on the night of February 21, at about 7 elock at Twenty-second and State streets. Duffy entered an automobit of the streets. Duffy being an automobit of the streets. Duffy being an automobit of the streets. Duffy entered an automobit of the streets. Duffy being an automobit of the streets. Du PLANS ROBBERT

the slarm at the first approach of danger.

"He didn't get a chance, however, for Policeman O'Nelll, from what I have been told, surprised him and covered him with a revolver. Duffy didn't dare be arrested, for then the murder of Maybelle would be discovered, so he took a chance on a break for liberty. O'Nelli fired several shots after him and swidently killed him.

him.

"The Cicero policemen then took the body away in their automobile and tossed I' out on the prairie near Cicero.

"O'Naili called up the police station that night and notified the sergeant he had fired shots at some burglars. They must have overlooked that report next morning, for the killing of Duffy was not connected with O'Neill's report until I heard about it."

GRAVE TO BE OPENED FOR CLEW IN MURDER

COUNT WILL BE DISINTERRED TO PROVE STORY TOLD BY ACCUSED WIFE

PARTE Sept. 16.—The police at Lannion, Brittany, will open the grave of Count of Kerninon today in order to prove whether his wife, accused of his murder and jailed for it, is telling the truth when also says he was wounded by one

aha saya he was wounded by one revolver shot.

To disinter the owner of the historic name the police will be obliged to remove a hure wreath placed there last week by the Countess with the inscription, "To my husband."

The Countess, although nearly 80 years of age, is bearing up well under the rigorous prison life in the French provinces. Out of all her relatives of half a dozen duchesses and several marquises and other members of the highest aristogracy of France, none has visited her in jail.

YOUTH ADMITS KILLING GIRL IN HOLD-UP FIGHT

CONFESSES HE FIRED SHOT WHEN BROTHER TRIED TO PREVENT KISSING

ST. LOUIS, Sept. 15.—Edward R. Daugherty, Is years of age, a bus boy, has confessed he fired the shot that killed Ethel Baxter, 14. after a hold-up on the LeMay Ferry Road. The girl was out riding in company with two brothers, another girl and a youth when the young man, later identified as Daugherty, asked them for a ride. Standing on the running board of the machine, he ordered the car stopped, lined up the men and searched them and attempted to kiss the girls. As he did this, a brother of the Baxter girl interfered and the bandit fired two shots, one of which struck the Baxter girl.

Daugherty openly admitted the shooting. "It was the moonshine I had been drinking, that caused me to de it," he said. "I am going to plead guilty when my case comes up in court."

ne to do it." he said. "I am going le plead guilty when my case somes up in court."

Constable Knight of St. Louis sounty arrested Daugherty after he had watched his actions for wo days. He nabbed Daugherty after he had gone to a bank toget his money, evidently planning to leave town.

AMERICA TO LET FRENCH TALK FIRST

Federal Officials Wait for France to Move on Debt Funding

WASHINGTON, Sept. 15.—Administration officials want the first move toward a funding of its debt to the United States. For this reason Secretary of the Treasury Mellon and other officials believe that nothing can be gained by discussing at this time publicly the various suggestions relative to a debt settlement, such as advanced by Edward N. Hurley, a Democratic member of the debt commission.

mission.

It is admitted that there is a new feeling of hopefulness that the French government will be ready soon to fund its debt to this country. While no official advices have been received on the subject, and the subject is subject is subject.

have been received on the subject, an impression prevails at the treasury that the French will send a delegation to this country some time during the winter to discuss the debt settlement.

Secretary Melion continues to decline to comment upon the Hurley plan for settling the French debt on a more favorable basis than provided in the British agreement. It is his view that if American officials were to discuss proposals of this character their statements might be misconstrued by the French authorities, and might increase rather than minimize the difficulties in reaching an agreement.

difficulties in reaching an agreement.

The debt situation was discussed by Secretary Meilon today with Representative Burton, Republican, Ohio, a member of the debt commission, who has just returned from Europe. It is understood that Mr. Burton expressed hopefulness that the French soon will be ready to discuss a debt settlement.

ROBINSON TO HELP YOUNG **TO ORGANIZE**

Los Angeles Banker Will Serve on Commission "as Purely Volunteer Aid"

PARIS, Sept. 15,—Henry M. Robinson of Los Angeles, one of he Dawes committee experts, has the Dawes committee experts, has consented to represent Owen D. Young, temporary agent-general for reparation payments, in the organization of the industrial and debenture commissions and of the German bank of issue under the Dawes reparation plan.

Young, on whose request Mr. Robinson consented to take over the work, emphasized, in announcing the collaboration, that Robinson was accepting the task "as purely volunteer aid."

TOMATOES THRIVE IN **OLD POTATO DISTRICT**

WORN-OUT AREA IN BRITISH COLUMBIA TO BECOME CANNING CENTER

[EXCLUSIVE DISPATCH]

VANCOUVER (B. C.) Sept. 15.
Thousands of acres of worn-out potato land around Spences Bridge and Ashcroft are being converted into tomato-growing fields. Contrary to all chemists and laws of chemistry, the lands that refuse to produce potatees any longer are giving the greatest satisfaction in tomatoes.

The plants are six to eight feet high and it has been necessary to cut the tops off the vines to prevent them shutting out the sun.
One canning plant here purchased ninety cars of tomatoes and delivery has started. The product is uniform and the district, instead of being a barren land, is expected to become the greatest tomato-canning center in

greatest tomato-canning center in the world.

Two new canning plants will be erected in the Carlboo district in the spring to care for this enor-mous production of tomatoes planned for the district.

OKLAHOMA JAIL IS UNFIT FOR GUESTS

WAURIKA (Okla.) Sept. 15.— Sheriff Joe Ballard has been or Sheriff Joe Ballard has been ordered by Mrs. Mabel Bassett, State Commissioner of Charities and Corrections, to close the County Jall until it is repaired, renovated and otherwise made fit for habitation. The order permits it to be used only as a temporary abiding place for prisoners, no prisoner to be held there longer than three days. Mrs. Bassett ordered the walls painted, the plumbing repaired, the bedding made sanitary, the cells scrubbed twice a week. She ordered the Sheriff and County Commissioners to keep a strict supervision over the affairs of the Jall. Mrs. Bassett is reported to have condemned the Cotton County Jall at Walters, also.

PARIS ENJOYS RODEO GIVEN BY AMERICANS

PARIS, Sept. 15.—The troupe o merican cowboys and cowgirls who had given a week's rodeo at Buffalo Stadium, Paris. finished yesterday with the biggest crowd yet seen there. The French managers are now studying means for giving the American troupe a barnstorming tour in Francs. They have made as much in one week in Paris as they made in two weeks at the British Empire exhibition at Wembley, according to figures available last night. The French crowds—never less than 35,000 any afternoon or evening during the week—went mad with enthusiasm over the riding tricks, buildogging and Wild West stunts which they had never seen before except in the movies. yesterday with the biggest crowd

AND TRACTOR

Linoleum Floors are Good Looking and Last Long because they are made of Cork, Linseed Oil, and Burlap

Two ways to be sure of which makes it so easy to clean. All dust is surface dust and brushes right up. getting genuine linoleum

If you want linoleum, you want it.
There is no other floor that is sold in rolls or rugs that has the substance, body, and resilience that come from a mixture of powdered cork and oxidized linseed oil, pressed on a strong burlap back.

You can always be sure of getting genuine linoleum, made of cork, linseed oil, and burlap, if you look carefully and be sure that it has a burlap back. Burlap is tough and strong; the burlap back is the reason why genuine linoleum does not tear readily.

All of Armstrong's Linoleum has the Circle "A" trademark on the burlap back. When you see this "A" inclosed in a circle, you can be sure you are getting linoleum as fine as any that can be made.

Why Cork is used

Cork is used in making linoleum because it is tough. Cork resists moisture, is elastic and springy, and deadens sound. It is hard to wear out. This is true of a bottle cork. It is also true of the finely ground cork used in making Armstrong's

Cork mixed with Linseed Oil

Did you ever notice the tough film of oil that forms on a can of paint when exposed to the air? That is oxidized linseed oil. In making noleum, powdered cork is mixed with need oil and the two blend perfectly.

Why printed linoleum patterns

are so pretty The smoothness of linoleum makes it very easy to print a beautiful and regular design on its surface. The printing is done with heavy linseed oil paints. The linoleum contains linseed oil, and the two combine perfectly. Varnish this printed surface when your linoleum is new, and about twice a year thereafter, and the pattern will wear for many years.

In inlaid linoleum

the colors go all the way through

In inlaid linoleum, the colors of the surface design run clear through to the burlap back. Each little colored block or shape in the pattern is laid separately on the burlap, and the whole presse together into one piece under heavy rolls.

Armstrong's Linoleum Rugs

An Armstrong's Linoleum Rug, printed or inlaid, is made of cork, linseed oil, and burlap, and has the Circle "A" trademark on the back. These rugs cost but a trifle more, but are better-looking, and give longer service. They lie flat without curling, and are waterproof, sanitary, and hard to tear. Made in four sizes.

Laying fine linoleum

for beauty and permanency A good inlaid linoleum floor should be cemented in place over a lining of builders' deadening felt. Laid this way, the seams are not noticeable, the linoleum will not stretch or crack, and will never

Wax it, and it gets better-looking

A linoleum floor requires very little care Wash inlaid linoleum when first laid with a mild soap like Ivory. Next wax it thoroughly, rubbing the wax well in. After that a daily brushing or touching up of the walked-on places on cleaning day with a slightly waxed cloth or dry mop, keeps it in perfect condition.

Rewax about once a year. With the aging of the waxed surface, the linoleum softens and mellows in tone.

Do you know how pretty linoleum is?

Rolls standing in a store do not give a really good idea of what a beautiful floor linoleum makes. When cemented down and waxed, one of the modern designs of Armstrong's Linoleum is a lovely floor to lay your fine rugs on one that will harmonize with your furnishings, and make everything in the room betterlooking. Your floor is beautiful, sanitary, permanent, and no trouble at all.

Do not scrub your linoleum

Harsh scrubbing with strong soaps or powders will injure linoleum or any other ine floor. It is never necessary with linoleum. Don't let it be done. Use only a mild soap, when washing is really necessary.

Write for free sample and booklet et us send you a sample of Armstrong's

Linoleum and a copy of our 24-page booklet, "New Floors for Old," containing a score of colorplates of different designs that you can see at

good stores—Jaspes, carpet inlaids, tile inlaids, and printed patterns; linoleum rugs, printed and inlaid; also information on laying linoeum and how to care for it.

This gives linoleum its smooth surface, need refinishing. ARMSTRONG CORK COMPANY, Makers of Cork Products since 1860

(BY A. P. NIGHT WIRE) MARTINEZ, Sept. 15,-The Con-tra Costa County Board of Sutra Costa County Board of Supervisors today denied an application for a franchise to the Northsern California Development Company to construct a bridge across Carquines Straits at a cost of \$2,000,000. An alternative petition to have the Supervisors place the project on the bailot as an initiative issue, also was denied.

The Supervisors held that there is no need for the bridge in view of the fact that another bridge is being constructed at a point four miles distant to serve the same general territory.

Officials of the development company said that they would petition to the State Supreme Court for a writ of mandate to compel the Supervisors to place the issue on the ballot. They said they would hold a meeting tomorrow to make arrangements for the petition.

PARTIES IN MISSOURI

15.—Both the Democrats and the Republicans, meeting here in State conventions, adopted platforms denouncing the Ku Klux Klan. The Republicans said: "We oppose the Ku Klux Klan because it denies to American scitisens the full exercise of sacred rights and tends to arouse racial and religious hatreds."

The Democrats employed the language of John W. Davis, Presidential nominee, in attacking the Klan. The Republican platform commended the administration of Gov. Hyde, approved the initiative legislation for speeding up completion of the State highway system, indorsed the proposed amendment to permit St. Louis county, and went on record as approving river legislation and workmen's compensation. 16.—Both the Democrats and the

Los Angeles Shines in Insurance Records; Branch Banking Up Again; Purchasing Declines Germany Will Soon be Ready

BY CHAPIN HALL

The business of life insurance is impressive; its investment turnover, is enormous; its individual strength of the banks veiling, but applies only to numerical strength on tact brings, it home to more been on the strength of the banks of financial strength such as bank capital, deposits and resources, banks (avorable to branch banking would doubtless outweigh those opposed to it. Thus the contest is between a group interior, population and wealth, the purchase of life insurance by american citizens is relatively far thead, in the advance made durimpressive; its investment turnover, is enormous; its individual
contact brings, it home to more
persons than any other economic
development. As compared with
other representative factors of
national progress such as national
hank deposits, industrial production, population and wealth, the
purchase of life insurance by
American citizens is relatively far
ahead, in the advance made during the last decade.
An interesting compilation made
by the Insurance Press of New
York of life insurance distributions
in 1923 shows Los Angeles to be

ed to \$3808,625,000. Payments for premium savings (dividends to pol-icy holders) and for lapsed, sur-rendered and purchased policies. \$565,915,000. The computed value of insurance claims awarded by the United States Veterans' Bureau, \$49,443,050, a grand total of dis-tribution for the year of \$1,423,-982,080,

982,089.

The vast sums handled by the great insurance companies finds its way quickly back into productive enterprises and is an important factor in basic financing. One tant factor in basic financing. One company for instance, the Prudential, reports having actually made housing loans during the year of 42,000,000 providing accomodations for 15.688 families. This is an increase of \$15,000,000 and more than 4000 families over the preceding year.

CALLED BONDS

BANKRUPTCY PETITIONS

GHOST OF BANQUO

GHOST OF BANQUO

If one may judge by the past, the American Bankers' Association, at its coming annual convention to he held in Chicago from the 29th inst. to October 2, will, if possible, sidestep any definite action on its part which might be construed as being directly favorable to either the group of bankers who are striving to throttle branch banking or the other group which favors Statewide branch banking.

In the first place, it is only natural that those who direct the destiny of this great association of bankers will exhaust every means at their command to prevent any subject coming before them that may result in splitting the membership of the association into two groups. As a matter of fact, it is not the business of the association to throw its weight of influ-

sroups. As a matter of fact, it is not the business of the association to throw its weight of influence to any one group of its members. In point of number of members, banks which are opposed to branch banking outnumber those who favor it and naturally are in a position to carry any question on a general vote before the convention. This was clearly demonstrated at the annual convention in 1922 held at New York, when the association was forced to take a test vote on the question of its adoption of a resolution offered in opposition to branch banking. As was expected, the resolution was adopted by a large majority.

In this connection it should be explained that a bank with a capital of \$15,000,000 has but one vote in the American Bankers' Association, the same as a bank with only \$15,000 capital. A bank with \$200,000 of deposits has only one vote, the same as a bank with only \$200,000 of deposits. Thus it appears that any vote taken at a general session of the association salid lake.

New Issue

\$2,000,000 Minneapolis Gas Light Company

6% Secured Gold Notes

(Secured by 110% face amount of the Company's First Mortgage Bonds) Dated August 1, 1924—Due February 1, 1930

Price: 100 and Accrued Interest, to Yield 6%

The Company agrees to pay interest without deduction for any normal Pederal Income Tax not exceeding 29, which the Company or Trustee may be required or permitted to pay at the source. Denominations \$1,000 and \$500.

The following summary is from official sources: Company: The Minneapolis Gas Light Company, incorporated in 1870, under the laws of Minnesota, furnishes gas without competition to the City of Minneapolis. The property of the Company includes a coal and water gas manufacturing plants with additional control of the company includes a coal and water gas manufacturing plants. facturing plant, with a daily capacity of 17,000,ood cubic feet, four holders, with a capacity of 17,000,000 cubic feet, four holders, with a capacity of over 8,700,000 cubic feet, and 653 miles of mains serving 106,987 customers. The mains cover approximately 75% of the open streets of the City of Minneapolis. There is at the present time a demand for 4,000 additional meters and additions are now being made to the distribution system to meet this demand.

Proceeds: The proceeds from this issue of Notes will be used in part to retire Sinking Fund Bonds and to reimburse the Company for capi-

tal expenditures heretofore made and for addital expenditures heretofore made and for additions and extensions to the property. Since 1915 the Company has expended for additions and extensions approximately \$2,600,000, while the funded debt during this period, including the present issue, has increased only \$710,000. Through the operation of the Sinking Fund the Company will retire in annual installments a total of \$717,000 additional First Mortgage bonds prior to the maturity of these Notes.

Valuation: The value of the property of the in 1920, plus the cost of subsequent additions, is over \$10,500,000 which is in excess of the total capitalization of the Company. The replacement value depreciated, based upon an appraisal com-pleted in 1923, has been found very substantial-ly in excess of the Court's valuation.

Earnings:

(For twelve months ended July 31) .\$3,521,994 Gross Earnings ... \$3,678,058 Operating Expenses, Maintenance and Taxes (other than Federal Income Taxes)..... ... 2,665,384 2,735,169 Net Earnings .. .\$ 856,610 \$ 942,889 Annual interest on total mortgage debt outstanding (including this issue)...... 388,150 \$ 554,739

Net earnings over 2.40 times total interest charges including interest on these Notes

Security: These Notes are secured by deposit with the Trustee of \$2,200,000 First Mortgage 5% Bonds of the Minneapolis Gas Light Company, due February 1, 1930. In the opinion of counsel, these bonds are secured by a First Mort-gage on all the property now owned by the Com-pany, which mortgage also covers acquired property. The Trust Agreement provides that no additional First Mortgage Bonds may be issued unless deposited as security for these Notes. Additional Notes may be issued for 100-110ths of First Mortgage Bonds so deposited.

Franchise: The franchise of the Company extends to 1930 and under the ordinance granting this franchise the City has the right at the expiration of the franchise, to purchase the plant of the Company at its fair and reasonable value

as a going concern, such valuation, in case of disagreement between the City and the Com-pany, to be fixed by a board of arbitration. The Company has recently entered into a rate agree-ment with the City of Minneapolis, with a variable rate based on cost, which assures an ade-quate margin over all fixed charges, including Sinking Fund requirements for the next five

Management: One-half of the Common Stock is owned by the United Gas Improvement Company and substantially all of the other half by men actively engaged in the management of the Company. The active management of the Company has been in the hands of the same family for more than 60 to year. more than fifty years.

We offer these Notes for delivery when, as and if issued and received by us, subject to approval of our counsel. Trustee's Interims or definitive Notes will be ready for delivery on or about October 1, 1924.

A Pool for Profit

A Pool is being organized by responsible Los Angeles men of repute for the purpose of profiting by a remarkable situation.

There is a local, well-known, highly successful, dividend-paying security, that is selling at about half its actual book-value.

This pool is forming to pick up the floating stock and make a market for it at more nearly the actual value.

There is a chance for a few more investors to join this pool and participate in very large and quick profits.

If you have One Hundred Dollars or more cash available, you can have a share of this opportunity—and without risk, for you get security for your money—asound dividend-paying stock with a dividend record of twelve years. And you get it about half actual

Immediately that the pool is closed—only a matter of a few days now—we will publicly call attention to this issue, advertise it in the local papers, and you will see the price advance by leaps and bounds. Call or write for confidential facts and figures.

By ROBERT PRITCHARD field is from a geological standpoint, development is gradually establishing the truth of the single-

of decrease is a surprise, and somewhat of a shock to the operators concerned. A favorable feature is the fact that note of the wells has drilled to the bottom of the sand, and as far as anyone knows there may still be 100 feet of good oil-bearing sand, yet untapped, which would put a different complexion on the situation. For these reasons much interest attaches to the Associated Brockley well, and the General Petrolesum Corporation's Vaughn No. 1, which missed the upper sand, and are depended upon to demonstrate the existence of a deeper sone. Yesterday the Brockley was nearly 4700 feet deep, with only a thin streak of oil sand at 4650 feet. In the Vaughn the prospects are more encouraging, as this well reports over 100 feet of good oil sand at a depth of 4738 feet. This is believed to be the deeper sand, but it will not definitely be known until a sample of the oil is taken out and tested.

The Union's Howard Park No. 2 offers further encouragement, with a report of more than fifty feet of oil sand at 4635 feet, which is also likely to be the deeper sone. Outpost Produces

Outpost Produces

The Torrance field was extended half a mile to the south Sunday, with the completion of the Campbell No 1, of the North American Consolidated Oil Company, according to reports from the field. This well went on production at 3735 feet, with an initial production of 250 barrels per day of 20 deg. gravity oil.

Completion of the Campbell is one of the most important developments in the Torrance field in recent months. It proves up nearly 1000 acres of territory hitherto considered doubtful, most of this acreage being held by the General Petroleum Corporation. It also proves the southern portion of the famous Joughin ranch, held by the Superior. Standard, Sentinel, and E. J. Miley interests.

It is understood that the North American Consolidated holds only a small lesse of not more than twenty acres. The well originally was drilled to 3822 feet, found bottom water, but plugged back, and went on production at 3795 feet.

To Hold Meeting The Chamber of Mines and Oil will hold a get-together luncheon at noon today at the Alexandria. E. J. Miley will be toastmaster, with J. F. Calibreath, secretary of the American Mining Congress, as the principal speaker. He will discuss "The Value of Organized Effort." Theodore Martin will MARKET AVERAGES

Start New Well

The United Oil Company is starting its first well on its second Bixby lease in the northwest extension of the Signal Hill field. according to company officials. The leare comprises twenty acras in a strip south and west of the Bixby No. 1, the outpost well in this section, which is doing 250 barrels per day. Maxwell No. 3 Spuds

The Superior Oil Company yes-terday spudded in its Maxwell No. 3 in the southeast Rosecrans dis-trict. Maxwell No. 4 is rigging, and probably will start drilling this week.

Near Completion

The Monarch Development Company expects to complete its Orange County No. 2 well at Newport Beach tomorrow. The well is down 1100 feet. Orange County No. 1 is reported producing fifty-five barrels per day of heavy oil, through steam-jacketed tubing, on the pump.

Get Big Well

Word was received here yesterday of the completion of a \$000-barrel well by the Salt Creek Producers in the Salt Creek field in Wyoming. Gravity of the oil is said to be \$4 deg, and depth of the well \$534 feet, in the Dakota sand. Stock of the Salf Creek Producers' Company is held by Los Angeles capital.

additions and extensions to the property.

The company serves 106,327 customers. Its mains cover approximately 75 per cent of the open streets of the city of Minneapolis. There is at the present time a demand for 4000 additional meters and additions are now being made to the distribution system to meet this demand.

\$3 to \$3.50 a bale, slipped down to new low levels for the season tonew low levels for the season to-day, under heavy hedges and pro-fessional selling. Morning selling brought the list down about \$2.50 a bale, and was based principally a bale, and was based principally on the weakness of the foreign market. In early afternoon the market here displayed a steadier undertone under scattered short covering and some professional buying on the theory the market would be less vulnessable to selling pressure in the immediate future. But with the South continuing a persistent seller of hedges, the recovery was slight, and in the final hour renewed weakness was shown and the list reacted sharply again. Final prices were the day's lowest, off 71 to 75 points net.

Closing Prices

and let me tell you about this

"Julian Pool" of mine.

It's hard to explain on paper,

but a phone call or a visit to my office will set you straight on it. I believe I can make you 100%

in 60 days on every dollar you shoot with me right now. It's simple enough when you

understand what it's all about.

Any old time anyone can convince me they can turn one dollar into two dollars in 60 days, I'm going to listen to him, and that's

just what I feel I can do for you.

WHAT'S DOING TODAY

l peace campaign meeting. Pirst Church, evening. Dr. L. L. Wirt

has aimed at becoming free of again disappeared, saying she the iron and steel of other countries, and the present sequilities. Italy, tries, and the present acquisition by her of the biggest Chinese iron LOCUST SWARMS RUIN and steel works is a definite step

Already the Japanese own the South Manchuria Railway Com-South Manchuria Railway Company, controlled and directed by the Japanese, is said to have advanced 35,000,000 yen. Another advance, amounting to 20,000,000 yen is under contemplation. Allogether, it is estimated that Japan has invested 100,000,000 yen in iron and steel in China in addition to the newly acquired interests in the Hanyehping Company.

pany. When the Hanyehping company was inaugurated, it was at first intended to borrow money from Europe and America, but later Japan was approached for loans. It often has been said that the object of the Japanese in advancing loans to China for industrial purposes was ultimately to secure the industries themselves, though Japan questions whether any sane business man would be Japan was approached for loans. It often has been said that the object of the Japanese in advancing loans to China for industrial purposes was ultimately to secure the industries themselves. though Japan questions whether any sane business man would be willing to take such risks and advance such large amounts of money. Japan maintains that her policy has always been to have a common economic policy with China and that she will continue to adhere to this policy.

POWER PERMIT GIVEN

INCLUSIVE DISPATCH

PHOENIX, Sept. 15.—The Arizona Power and Water Company tanks been given a certificate of convenience and necessity by the Arizona Corporation Commission for operation of a hydroelectric power plant on Black River, one of the head streams of Sait River, and to sell the electric current. Permission also was granted to issue 7 per cent preferred stock in the amount of \$2,000,000. Head-quarters of the company are at Clifton.

in iron and steel proceeded to and studied the Hanyang foundry, which they pronounced to be of little use, and, unless reconstructed, could not possibly compete with foreign foundries. European experts who also visited this foundry submitted a report to the same affect. China, therefore, could not expect any pecuniary aid from either Europe or Americas. Japan, just about this time, felt the need of iron mines and entered into an argument with China to finance the Hanyehping company on condition that the corporation should furnish herevery year with a minimum of 400,000 tons of iron at a fixed price of \$3 (Mex) per ton for a period of forty years. This, the anti-Japanese element in China clot destroy the industry and then to obtain control of it.

This Hanyehping mine alsofigured in the notorious Twenty-One Demands which Japan foisted on China in 1915, one of the demands compelling the Chinese government to recognize the Hanyephing Company as a joint enterprise of Japan and China, not permitting the Chinese to get it back by borrowing money from anyone else for that purpose.

VIGILANCE EXPECTED

VIGILANCE EXPECTED Tt is expected that Japan will not relax in her vigilance to find iron elsewhere that can be easily accessible to her and which she could work at least as a joint partner. More Japanese capital, according to reports, is to be sunk into the Hanyehping Company, for Japan believes that it is absolutely necessary for her to shake off dependence on the iron of foreign lands, China presumably not being so regarded. With her navy, parkmount in these waters, Japan can easily control by force the iron mines, of China in which she has an interest if this should ever be necessary.

RAIL WAGE HEARING SET

[BY A. P. NIGHT WIRE]

CHICAGO, Sept. 15.—October 8
has been assigned by the United
States Railroad Labor Board for
hearing of petitions for wage increases of varying amounts filed
by the Brotherhood of Railway
and Steamship Clerks and involving thirty railroads.

BUSINESS BREVITIES

HALL MURDER STILL STUDIED

Weiterens banquet, Mary Louise Somerset Investigation Now es and oil lumbersen, Abrasadria. in Its Third Year

to be the state of Mystery Figure

Choirister's Daughter Quits New Brunswick

(EXCLUSIVE DISPATCH) NEW BRUNSWICK (N. J.) Sept. 15.-Two years after the discovery under a stunted crab apple tree on an abandoned farm of the bodies of Rev. Edward W. Hall. rector of the Protestant Episcopal Church of New Brunswick, and

Church of New Brunswick, and his pretty choir singer, Mrs. In the Turnell'... sexton, authorities of Somerset county, in which the bodies were found, still are working toward a solution of the mystery.

As midnight approached two years ago last night the minister and Brackers. As midnight approached two years and the choir singer were shot to death. The double murder revealed the fact that a passionate extra-marital love affair had flamed between them, and burning love letters exchanged by them were made public after their death.

Tally's Breadway, Breadway, between Eighth and Nisth-Collson Moore in "Flirting With Love." Eras Minds of the Collson Moore in "Flirting With Love." Eras Measter, Frich and Olive-"Early, Irone, Mary. Eras Measter, Frice and Figurera "While Monroe Theater, Frice and Figurera "The Mary Carrell's Pickless." Figurera and Nish-"Barry Carrell's Pickless." Figurera "While Canage," Mally the Canage, Mills, the husband of the murderer to deliberately spand of the murderer choirister, still holds the opinion that "a lot of money was spent to hush it up." But; it was learned today, the Somerset county authorities have never ceased working on the case. Mills remained in New Brunswick, although he is not now sexton of the church in which his wife and cretor secretly met. He lives in the same house, however, with his son Daniel, now is years of age. He is assistant janitor of the Love Sterling Public School.

His daughter, Charlotte, who recently reached her eighteenth birthday, has left New Brunswick, to live with relatives in Newark. She was questioned again and again in the days following the crime, but always left the impression she knows much more than the largest from works in that country. Japan's ambition has aimed at becoming free of the iron and steel of other countries, and the present acquisition would live the WIDOWER OUT OF CHURCH

CROPS IN VERA CRUZ

(BY CABLE-EXCLUSIVE DISPATCH)
VERA CRUZ (Mex.) Sept. 15. ocusts are said to already have Locusts are said to already have caused damage to the extent of 27,000,000 pesos to growing crops in this State. Extensive areas of cultivated land have been devastated. In some places it is with difficulty that trains can run on account of them covering the tracks. Windows and doors must be closed tightly in order to keep them out of the coaches. The central government has been requested to assist in fighting them.

UNIQUE SYSTEM OF CONSTRUCTION

Company Embody Patented Dry Air Circulation System Not Used in Others, And Far Superior

Many people think that Mausoleums are all alike in principles of construction, differing only in the plans, materials and appearance of the buildings. This is far from the truth. There is just one best principle of Mausoleum construction, for which the California Mausoleum Company controls the patent rights for the State of California. No other Mausoleums in the entire State have this superior type of construction—one of the vital reasons why entombment in these beautiful buildings is followed by such different effects lowed by such different effects than when ordinary methods of construction are utilized.

In the California Mausoleum Com-pany's structures at Hollywood, Inglewood and Riverside there is dry air circulation for each indi-vidual crypt. Each crypt has its separate pure air inlet and outlet, permitting the natural dessication of its contents, on account of these sixteen square inch openings, and independent air circulation to every crypt. Comparison of this costly but effective method of construction with the cheaper types—and consideration of the effects that must inevitably follow — are sufficiently convincing.

Carefully illustrated booklets giving full details of the Company's buildings and methods may be had by telephoning its Offices, MAin 1534, or by calling at-206 Harris Bidg., 110 West 11th. The Mausoleums are open to visitors from 9 a.m. to 5 p.m. daily. That at Hollywood is the most conveniently located in the entire Los Angeles district.—[Advertisement.

FUNERAL DIRECTOR ROBINSON & ADAIR

Only a few days remain in which to raise the money to be resented by the people of Southern California to the world

The splendid and epoch-making achievement of the avi-ators will be virtually completed with their arrival at Clover

Field some day this week—probably Friday or Saturday.

The money should be in hand, ready to present to the mer when their planes touch the spot from which they started their

globe-girdling flight.

The project must be carried through with as great a degree of success as the flyers themselves accomplished. There must

be no shabby delays or half-hearted efforts.

Southern California has a peculiar and intimate interest in these gallant young knights of the air. Every country over which they have passed has delighted to hopor them. But not in the way we are going to. It is different with us. They belong to us. They are our "home folks."

long to us. They are our "home folks."

The 'round-the-world flight was conceived and planned in Southern California. The planes were designed and built here. The flight commander, Lieut. Smith, is a Southern California boy who was born in Santa Barbara and learned to fly at Rock-well Field, San Diego. The flight officially started here.

Other cities have given them swords and medals and con-spicuous honors of many kinds. But we are going to claim the privileges and rights of intimate friendship and family feeling and give them substantial purses of money.

There is a special reason why this is being done. Under the Army regulations it is impossible for the government to offer them any rewards of any kind; not even promotion. All the War Department can do is to bestow medals.

No such restrictions, fortunately, rest upon their unofficial admirers and those of us whose hearts have leaped with pride over their wonderful feat of courage and brains and gallantry. The money to be raised has purposely been left as an honor and a privilege in which every man, woman and child in Southern California can participate. It is known as the South-ern California Appreciation Fund for the World Flyers. Big

contributions are not sought. Small contributions from every section of Southern-California and every citizen are wanted.

Even a quarter is an acceptable addition to this fund. The main thing is to make the giving include every one.

Owing to the brief time allowed it is not possible to make

in organized "drive" for funds. The money must come absolutely as a voluntary offering.

Purely as an incidental, the raising of a handsome sum of

money by voluntary contributions for this purpose will be an effective if indirect reply to certain jealous eastern critics of Southern California who affect to believe that we are financially on the rocks.

The money can be sent to any newspaper, or to the cashier

of any bank in Southern California. Every cent of it will go to the flyers. All the work of organization and collection is by volunteer and unpaid committees. As a guarantee of the integrity of the fund, J. A. Graves, president of the Clearingnouse Association, is acting as treasurer.

Every man who took part in the flight will get part of the money. Those who were compelled to drop out en route will be given a share in proportion to the mileage flown. Mechanicians who accompanied the flyers and shared their

dangers and perils will share equally with the aviators.

Every person in Southern California who admires gallantry and courage will want to slap these boys on the back and tell them that we are proud to belong to the same country

The best way to do this—to let you know them that the me folks are for them—is to send in your quarter or your

And do it now In a few days it will be too late.

Contributions to the fund received by The Times will be acknowledged in the columns of this newspaper. Money should be sent by check or postoffice order or (small amounts) in stamps. Clip and send this coupon to The Times with your

Recommends Employment of More Outside Engineers to Rush Improvements

Nexis a report showing that since June 1, last, when orized the employment, at an expense of \$200,the employment, at an expense of \$200,-the insers to prepare and present long-pending street dinances, 155 street improvement projects had been a emergency engineers, but only two ordinances had to date ready for the awarding of contracts for the ac-

of the fiscal year, so that there will be no delay in putting through street-improvement work.

The Finance and Public Works committees of the City Council, in a joint report agreed upon yesterday afternoon, recommended that City Engineer Griffin's program for the expenditure of \$1,000,000 for street repairs be sent back to the Board of Public Works for revision, as the committees believed that additional streets could be added to the list contained in the City Engineer's report.

The Finance Committee agreed to recommend the employment of the cight additional engineers to present additional enginee

could be added to the list concould the county Jail. and Clarke remained to the first pare plans for storm drains, so that these could be laid in the streets to be improved as part of the \$50,000,000 street-improvement program, before these streets to be improved as part of the \$50,000,000 street-improvement program, before these streets and will be employed for a time allow the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains include those to be laid on Slauring and the size of the storm drains

CITIES ANSWER AQUEDUCT CALL

Representative Gathering Expected at Pasadena

Mulholland to Show Map of Colorado Survey

Machinery for Legislation First Necessity

Assurances already received promise a representative attendance at the organization conference on the proposed Colorado River Aqueduct called to meet at 2 p.m., tomorrow at the University Club quarters in Hotel Green, Pasadena.

na. Those who issued the call ar Those who issued the call are Hiram W. Wadsworth, chairman of the Pasadena Board of Directors; R. F. Del Valle, president of the Los Angeles Board of Public Service Commissioners; S. H. Finley. Santa Ana, of the Orange County Board of Supervisors; Mayor S. W. McNab of San Bernardino; Mayor J. L. Bacon of San Diego, who also is president of the Boulder Dam Association, and C. H. Windham, City Manager of Long Beach.

ORGANIZING PROPOSED. ORGANIZING PROPOSED.

Invitations went out to every community in Los Angeles county and the four other counties southward to the Mexican border, and it is the intention of the committee to lay the foundation to-morrow for a permanent organization of the widest possible scope, which shall be specifically charged with the definite duty of procuring the necessary legislation on a basis of demonstrated need and financial responsibility.

William Mulholland, chief engineer of the Los Angeles Aquestical responsibility.

William Mulholland, chief engineer of the Los Angeles Aqueduct, will make a special trip from San Francisco, where he is in conference on the water problems of the East Bay cities, to address the meeting. Before leaving he said he hoped to bring back with him arthur P. Davis, former director of the United States Reclamation Service.

SITES TO BE SHOWN

State, Imperial Regulation of the Knights of the Ku Klux Klan.

BLOOMING KANSAS

BLOOMING KANSAS

Crop of nearly 166,000,000 bushels of wheat and about 150,000,000 bushels of wheat and about 150,000,000 bushels of corn. This may turn out to be the greatest wheat yield ever reported by an American State. Certainly Kansas is going to be in the front row this year. People who are asking what is the matter with Kansas are going to get a burst of rollicking laughter as an answer.

Voice of New England

The Boston Post, one of the leading Democratic papers of the country, now pledges its efforts toward the election of Calvin Coolidge. He is pointed as an illustrious example of the capable, honest and unsetfish service for which sons of New England are distinguished. The Post editorially says that time will prove Coolidge to be a better Democrat than Davis and a more sincere liberal than La Follette. This should make it unanimous.

TRIENDLY WORKERS VOICE OF NEW ENGLAND

The Secretary of Labor says that Amer-ica is the one bright spot in a world of eco-nomic gloom and he might have added that ving rapidly toward complete co-toward that mutual good will and ing which will ultimately assure nent peace in industry. In that day ton, which are all entirely dependent upon the forests, are necessary to the prosperity of California.

Our industries cannot so on nationally.

THE RUBBER MARKET
The United States is using about 600,000,000 pounds of rubber this year, which is practically two-thirds of the world's outpat. We are largely dependent upon the English, the Dutch and the Brazilians for our supply, but for some years past far-sighted Americans have been walking. our supply, but for some years past far-sighted Americans have been making some progress in developing holdings of their own. But we must still go far and travel fast if we are to become independent of foreign price-making in the rubber market. If we are using more rubber than all the rest of the world combined we ought to be in a position to diotate the price.

Retails out permanent good for the State can result from the assemblage at Pasadena under the auspices and call of the California Development Association. Those who gathered there included numbers who have been at the forefront in the industries that have marked the wealth and progress of the State. In the getting together of the state of the state of the state of the state. In the getting together of the state of t

THE SCOFFLAWS A Missouri official and former prohibi-tion leader admits that the combination of all their lives do not consider it a crime to break a speed law or take a sip of illicit looked upon more as a martyr than a male-factor, and if he has some store of contraband Scotch in his cellar he is more likely to be envied than denounced by his neighbors. This condition makes for a growing disrespect for all laws. People are told a revival of interest in the palladium of

ception gown. This does not necessarily mean that the lady must lead a double life, but she would have occasional recourse to a transformation piece or else pin on a bunch of artificial ringlets. An extra mop doesn't mean a dual existence, but merely which the various functions are adjusted which the administration is so insistent. The hair experts realize that there are cer tain joys and comforts that with a this process of disintegration there is no docked dome. The sheared iens are telling to what extremes it may be carried having too much fun to be east led back it is best to avoid the beginning of evil. into the thrall of the longhairs. But if a . The third week of September is, there woman can revel in the dishabilie of a fore, an especially appropriate time for ev-naked neck during the day and then crown eryone to refresh his memory as to the John W. Davis has been made an hon for an evening function she should be both ter under which his country has been so even terms with Calvin Coolidge. Whatever

covering by forest fires the people of the United States would probably rise in a body to come to the assistance of suffering California. Their purses would be gener ously offered. But it would be like sending flowers to the funeral of one who died in preventable accident.

China, once covered with magnificent forsts, is suffering from the effects of deforestation. Famine, pestilence and poverty stalk there. Floods which follow deforesta-tion have wiped out many towns, hundreds of thousands of lives have been lost; ero-sion has set in. The natives are carrying soil on their backs 250 miles to start a little tree growth. China is now a vast country of barren hills. The American people are very sympathetic and anxious to assist; in fact, we have sent much finan-cial assistance to this desolate country. Dikes have been constructed at a huge cost to hold back the flood waters. But, with-out trees, the first heavy rain wiped them out, together with a terrific loss of life. Recently the American Red Cross sent

\$100,000 to aid the flood sufferers of China. The floods are the result of deforestation We have given much and counted little the cost-if only we might aid them. Would we have given even \$100,000 to help China reforest before the vicarious sacrifice tugged at our heartstrings?

We are second to China in the destruc-tion of our forests. Forest fires are sweeping over our country. As Abbot Kinney put it: "We stand by and fiddle while our for story bank building at Long Beach was reared it: "We stand by and fiddle while our for-te its full height in the span of twenty-six ests burn." The demands of civilization and

Germans Revive Peaceful Penetration Peaceful penetration, the mode employed by the Germans with such phenomenal sucof the State. In the getting together of the constructive forces from Siskiyou to San Diego all the small-time jealousies are being submerged beneath a wave of good feeling. The ancient slogan of "One for all and all for one" is given new life. In spite of sectional differences, there is no warrant for a division of the North and South in California. In the advancement of the State and the amplification of fits wonderful resources there is room enough for all.

action now. Shall we wait for a vicarious sadding the great war, is being revived and, in so far as Holland and the Scandinavian countries are concerned, with a prevailed since the Constitution was adopted and that no radical change in that system is necessary. Senator Smoot knows from experience the hazard of government. In his own lifetime he has seen some of the greatest nations wrecked governmentally, elities, radio equipment and airplanes are requested during these seven days to show their devotion to the fundamental law of the land by studying its provisions and providing exercises appropriate to the occasion.

Senator Smoot is too much alive to the extensive scale. In Italy the Germans ocpered wonderfully under the system that has prevailed since the Constitution was adopted and that no radical change in that system is necessary. Senator Smoot knows from experience the hazard of government. In his own lifetime he has seen some of the electrical machinary tors mechanical now. German firms. It's the same in Scandina-via and in Italy, although not on such an extensive scale. In Italy the Germans oc-cupled a commanding position in banking circles and industry before the war. Slowly they are recovering their lost prestige. New German banks in Holland, Sweden, Denmari and Norway are being chartered each week The factories are turning out goods far be-low the price the native firms can manu-facture. They generally also work ten or twelve hours a day, something not allowed native firms by the governments of these countries, which have adopted the eight-hour day. As long as the Germans leave their old militarism behind there seems to be no reason why they should not recover their former industrial and commercial po-sition. They are a virile nation, not easily downed or discouraged.

RIPPLING RHYMES

THE OUTSIDER The smiling stranger comes to me, where

and he siways lends a sympathetic ear to fair to see of shirts and silken ties; you'll those seeking national legislation to foster purchase six or twenty-three, if you are truly wise. For I can save you many bonce les Harbor means to the Southwest as far and prosper your affairs; your local dealers, eastward as the State whose mandate he Jinx & Jones—a robber price is theirs;" holds. He is the friend of Southern Call- and thus he talks in dulcet tones and waves holds. He is the friend of Southern California. At times he has been of more assistance to us than one or more of our own Senators; and it is but natural that on each of his visits here the people of Southern California should take pleasure in extending to him a cordial welcome.

The PUNISHMENT

An illinois girl who had been sending the provided by the provided service betters for various petithers and thus here they are a most threatened the service betters for various petithers and the same old stand; and if the shirts I buy seem queer they'll change them on demand; if they don't please, year after year, they know their trade is canned. You are a most energy the provided stands and thus he take in dulct tones and waves for the same of our make reply, "de much to help the town; when tax collecting day is nigh they lave their trade of which is without a frown. And Jinx & Jones are always here, they're at the same old stand; and if the shirts I buy seem queer they'll change them on demand; if they don't please, year after year, they know their trade is canned. You are a most energy the same of the shirts I buy seem queer they'll change them on demand; if they don't please, year after year, they know their trade is canned. You are a most energy the same of the same of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer they'll change them of the same old stand; and if the shirts I buy seem queer th engaging skate, I like your sunny smile; and I believe you're good and straight and free from sin and guile; the goods you sell, as you relate, are doubtless all the style. of Week's Delights

What's in Your Sack?

GARDENA, Sept. 12.—[To the Editor of The Times:] I was standing on the depot platform in a small town in Tennessee waiting for a train when an old man 65 years old came up with an old cotton sack on his back. He had his clothing and all the rest of his belongings in it. He gave it a toss and turned to me and remarked: "There is the accumulation of my sixty-five years on earth."

If the above doesn't put a fellow to thinking there is no use to try and teach people to save. The above incident took place about six years ago, and there never has been a day rince that I haven't been trying to save my money. The thought that I would be like this old man gave me a chill and at the same time gave me courage to work and take care of what I made.

Something Dawson was standing to the probably wealth in t

thought that I would be like this old man gave me a chill and at the same time gave me courage to work and take care of what I made. I have been successful in a small way, for when the old man made that remark I did not have much more in my sack than he. And I can say that this remark put me to thinking and I am still thinking and using what little common sense I am blessed with and will as long as I am able to work.

It's a long road and up hill all the way, but if you will just say I will and grit your teeth you will eventually reach the top or so near that you will not have to depend on relatives or charity when you are 65.

With me it's what have I got in my sack, and I am going to ask you what have you in your sack?

Interest to Women.

OW have hair that is stun-ningly correct all the time.

Demurely tidy, neat - with

the chic, clinging silhouette of the newest fashion. Between "waves" as

ressing salons in London, Paris, New York!

Every day and every night One of the world's most famous hair-dressers

designed a hair net for this purpose. It firs perectly the newest styles of bobbed and un-bobbed coiffure. And is invisible!

You put it on in the morning. All day it presents the bewitching trimness and neatness ashion now demands. And preserves the beauty

Then remove it in the evening, if you wish, for a slightly freer, softer effect. Or use it with the stunning new braids, curls and transforma-

If your hair is unbobbed, use it to achieve the delightful, smart, new "bobbed-effect"

tions, now so much preferred.

Doubly valuable during the hot summer months
—when hair is hardest to keep well-groomed.

well as just after having one!

A very simple method of protect-ing your hair-dresser's work does it.

The new way to bewitching correctness!

—for long hair, too

This simple, invisible protection-worldfamed hair-dressers say. Specially designed for latest bobs and transformations

For bobbed hair-

HAZY ON DATES OF ALTAR TRIPS

But Co-respondent, Named in Suit of Mrs. Minnie Kennedy, Sure She Divorced Them All; Accused Husband Says Fog and Illness Caused Two of All-night Visits

A woman in the court of Judge
Pullen yesterday testified that she
has had four husbands, but does not
remember when she married any
of them although she said she is
certain she obtained a divorce
from all. She recalled, however,
that she had a son by each of the
first three. The woman is Mrs.
Carolyn Tanner, named as co-re
spondent in the divorce suit of
Mrs. Minnie Kennedy against her
husband. Frederick Kennedy, realeatate dealer, which was continued
yesterday.

On the stand Kennedy admitted
that he had spent much time in the
company of Mrs. Timer and that he
spent four or five nights at her
home. On the first occasion, he
said, he stayed because of a heavy
fog through which he was afraid
to drive his car. On another occasion he stated he remained at

The Tanner home because he was
sick.

"But we occupied separate rooms
and everything was all right," he
explained to the court.

Mrs. Tanner, a cornely woman 44
years of age, wore a jet black
dress, a small black hat with a
black visil and spoke in a soft, wellmodulated voice Her eyes were
partly concealed by black-rimmed
glasses.

She testified that her first husband was Daniel Alonao Parsons
of South Dakota, and that they
lived together six years. Number
2, she said, was Claire Crocker of
Santa Rosa. Asked to name her
third husband the witness refused,
declaring she had taken a vow
never to repeat his name. Her
fourth matrimonial adventure was
with Charles B. Tanner, she said,
but stated she does not remember
where to repeat his name. Her
fourth matrimonial adventure was
with Charles B. Tanner, she said,
but stated she does not remember
where to repeat his name. Her
fourth matrimonial adventure was
with Charles B. Tanner, she said,
but stated she does not remember
where to repeat his name. Her
fourth matrimonial adventure was
with Charles B. Tanner, she said,
but stated she does not remember
or where she married him.

Docks Here After Missing Ten Hurricanes en Route to Lay Alaska Line

for issuing checks without sufficient funds, was granted a probation of two years yesterday by Judge Keetch on a similar charge, which was preferred against her during her incarceration.

The girl pleaded guilty to the charge and asked permission to file application for probation. Judge Keetch told her he felt her jail sentence would be a lesson to her and admitted her to probation with the understanding that she "stick to the straight and narrow path" or else be returned to jail to serve another sentence. Some mysterious magic of the sea struck the United States Ar-my cableship Dellwood during her thirty-three-day run here from London with 980 miles of subma-rine cable, her officers declared upon arrival yesterday at Los Angeles Harbor.

The Deliwood, steaming in the

ously escaped seven gales and hurricanes on the Atlantic and Pa-cific which created havoc among

terday until some philanthropic person comes along and decides to give the boy a home.

Tony, according to records on the in Judge Archbald's Juvenile Court, is the son of a Mexican mother and a Japanese father. The latter, Kyndayer Kisht, is a chauffeur and remarried following the death of Tony's Mexican mother in 1915.

The boy was taken into court, some time ago, charged with violation of probation. He was asserted to have stolen candy and cigarettes from a store in Belvedere. Earle W. Rumsey, probation officer, who investigated the case, expressed the belief that some American family might possibly have to adopt the boy as his father did not want him in his home again.

Man Hunted on Bigamy Charge; rrowhead Lake Road Unaffected Woman Is Held

to Lake Arrowhead over the weekend need have no hesitancy about making the trip due to the forest fire now being combated in the San Gabriel hills, according to an announcement made yesterday by the Frank Meline Company.

This is practically a local fire, while the San Bernardino Mountains, in which Lake Arrowhead is located, are comparatively far removed, being about eighty-one miles distant by auto and therefore unaffected by the present blaze, according to the company.

"CASH IS HENG CALIFORNIA'S LEADING GROCER

Because it saves dollars, as well as time and temper, the Premier water heater is a paying investment for the entire family. With a Premier in your home, there is always a plentiful supply of piping hot water on hand for every need.

Instant hot water is essential to cleanliness and comfort in the modern home. With the Premier, there is no waiting, no waste of lukewarm water while a heater gets into action. You can always draw hot water at all faucets, at full city pressure. Summer and winter, year after year, without requiring any special care or attention, the Premier is always on the job.

Instant Hot Water: Saves Gas

It has no coils to lime up. It never wastes gas. It gives equal satisfaction in a basement or in the finest kitchen. Its outer jacket of steel is beautifully finished in smart French gray and nickel. It will harmonize with the smartest surroundings.

You can see this remarkable heater at our Exhibit Rooms. Any plumbing contractor will gladly tell you how much it will cost installed in your home. Ask him, or see us: there will be no obligation to buy.

DEDICATION OF CHURCH SUNDAY

Service for Vermont Avenue Presbyterians is Set

Modern Edifice Completed at \$100,000 Cost

Congratulations to be Given by Pastors of City

Finished yesterday, at a cost of \$100,000, the beautiful Vermont Avenue Presbyterian Church, Fifty-third street and Vermont aveship of God and the service of His children at 11 a.m. next Sunday, according to announcement yester-day by Dr. Bedlow Prichard, the

pastor.

Like bees taking honey into a new hive, the 400 members of the Sunday-school will be busy this week carrying flags, flowers and "hopeful green stuff into the church in preparation for the special services to be conducted next. Sunday morning at 3 p.m. and in the evening.

RALLY IN EVENING

RALLY IN EVENING
At the morning service the church will be formally dedicated and the principal speaker will be Dr. Herbert Booth Smith, pastor of the Immanuel Presbyterian Church, who will speak on "Four Steps in Christian Experience."

At 3 p.m. congratulations will be voiced by Dr. G. A. Briegleb, moderator of the California Synod, and among others who will bring greetings are Dr. Hugh K. Walker of the First Presbyterian Church, Rev. John H. Hunter of the Bible Institute, Rev. George C. Wright of the Atherton Baptist Church, Rev. H. M. Bunch of the Church of the Redeemer and Dr. W. G. Mills of St. Paul's Presbyterian Church.

The young people of the congregation will conduct a raily in the evening, and, following a specially prepared musical program, an address will be made by Rev. Paul Prichard, D. D., son of the pastor.

MODERN EDIFICE

quate classrooms and pastor's study.

The principal window, facing Fifty-third street, is a memorial to the old Central Presbyterian Church of which Dr. Prichard was Church of which Dr. Prichard was pastor for thirteen years before that church was incorporated into the Immanuel Presbyterian Church. Following the amalgamation of the Immanuel and Central churches, Dr. Prichard established the Vermont Avenue Presbyterian Church as a branch of Immanuel, starting nine years ago with less than fifty members and a Sunday-school enrollment of sixteen boys and girls. Today the church has a memberahip of 380 with a Sunday-school enrollment of 400. Pending the building of another unit, to cost an additional \$100,000, the congregation will continue 000, the congregation will continu to use the old buildings for edu-cation and social gatherings an for Sunday-school purposes.

Rabbi Accused of Violation of Marriage Laws

Because of the asserted persistent refusals of Rabbi B. Gardner to comply with the law and file marriage certificates within three days after ceremonies were performed. a complaint was issued against him yesterday by the City Prosecutor at the request of the County Recorder. Since last June none has been received from Rabbi Gardner, the recorder said.

The matter was called to his attention yesterday when Gertrude Gampert, who said she was married by the rabbi on July 15, last, to Charles Sharkey, applied to the county for a certificate out of her original certificate. When the original certificate could not be located the matter was submitted to the City Proszcitor.

The Recorder declared a recent examination showed that of the total number of marriage licenses issued by the marriage licenses its year, as many as 600 were never certified to and filed after the ceremony had been performed.

WIFE CHARGES CRUELTY

A divorce complaint, was filed

A divorce complaint, was filed yesterday by Mrs. Mabel Castie against her husband. Theodore Custle, Long Beach insurance man, whom she charges with cruelty. The petition sets forth that they were married in November, 1915, and separated in the same month in 1923. They have one child. Theodore Castle, Jr., 6 years of age. The community property is listed as being an insurance business in Long Beach.

Mrs. Castle asserts that on one occasion while they were motoring she grew nervous and requested her husband to drive slowly. Instead, she asserts, he drove much faster, thereby greatly frightening her. She states that when they separated she took their son to live with her and that on a certain day of last month her husband said he would call to see the child. He never appeared, she sets forth, and she later learned, according to the petition, that he was in company with Arthur Nicholson, Long Beach cafeteria man, who was arrested for an asserted statutory offense.

FOURTEEN CARS TAKEN

Following is the list of automobiles reported stolen in the past twenty-four hours by the Thett Bureau of the Automobile Club of Southern California:

PLENTY OF MATERIAL

Four Lettermen Return and Other Veterans Make Future Look Bright

With the return of Jack Murphy, Harold Morris, Carl Handy year's letter men, Poly's grid prospects look good. This year several other candidates are showing up in good form. Among these are Jimmy Dillworth, Manuel Carroll and Hubbard Palmer, all three fightling it out for quarter. Carroll was last year's quarter on the lightweights, and proved himself a capable triplethreat man, while Palmer was signal caller on the same team three years ago. Dillworth is a new man who has plenty of speed and a good head and is showing up exceedingly well in practice.

Griffith, Newman and Murphy are three capable line plungers, who are out for half. Murphy played end last year, but has been shifted to the backfield because of his needed weight. Brennan's line is pretty well fortified with Harold Morris, tackle, Carl Handy, guard; Bud Rehrig, end, and Albert Gotterdam, tackle. Several other new men are making a good bid for a position on the line, and these boys will have to fight hard to keep their positions.

MYSTERY PLAY STUDY

IN FEAR PSYCHOLOGY

There are human cats and human canaries. The object of one method week day during the year.

Dr. Von KleinSmid introduced to method week day during the year.

Dr. Von KleinSmid introduced new members of the faculty and they cannot be ready for classes at the opening of the school, and the establishment of the metropolitan college for the downtown work of the university with classes from 7:45 a.m. to 9:45 p.m. each week day during the year.

Dr. Von KleinSmid introduced new members of the faculty and the stablishment of the metropolitan college for the downtown work of the university with classes from 7:45 a.m. to 9:45 p.m. each week day during the year.

Dr. Von KleinSmid introduced new members of the faculty and the stablishment of the metropolitan college for the downtown work of the university with classes from 7:45 a.m. to 9:45 p.m. each week day during the year. and Roscoe Goodcell, four of last year's letter men, Poly's grid pros-

There are human cats and human canaries. The object of one is to frighten the other, sometimes the feline succeeds. But in the John Willard play, "The Cat and the Canary," which began its fourteenth week at the Morosco Sunday, the human canary suc-ceeds in subduing fear and so fin-ally wins out.

ceeds in subduing fear and so finally wins out.

The play is really a study in the psychology of fear and its control by mental power. This central idea has been a source of considerable interest to large numbers of Morosco patrons.

**Rarland Tucker and Charlotte Treadway have the lead roles, supported by Grace Travers, James Donlan, Gayne Whitman, Mary Fisher, Albert Van Antwerp, J. Morris Foster and Joseph Eggenton.

"The Fire Patrol," the current students of the university, serial thousand students being the real thousand students being the campus before the open hour. It is expected that the tengitudent of last year, 10.8 will be eclipsed early in the sch way and tomorrow, classes to open the psychology of the university, everal thousand students being the real thousand studen

IN ARROYO ROCK CASES

Canyon Bed

Three suits involving the right of the Los Angeles Rock and Gravel Company to excavate in the bed of the Arroyo Seco went on trial yesterday before Judge Mc-Lucas, sitting in Superior Court

trial yesterday before Judge McLucas, sitting in Superior Court
without a jury.

The city was plaintiff in one of
the actions, the people of the State
in another and the rock and gravel corporation in the third. The
city and the people are seeking an
injunction to restrain the gravel
company from further excavating
in the Arroyo on the ground that
the company's operations had become a nuisance to the surrounding community and were jeopardizing the health and happiness of the
residents of the district. The plaintiffs in these two actions also made
the contention that further excavations in the canyon would constitute a possible flood menace to the
district during the rainy season.

The rock and gravel company
denied these allegations and sought
an injunction restraining the city
from interfering with its work.
Trial of the cases is expected to
last several days. The courtroom
was crowded yesterday by residents
of the district who are taking an
active interest in the outcome of
the trial. Hearing of the cases
was continued to yesterday from
several weeks ago pending prospective negotiations of the city to purchase the property for park purposes. It was reported, however,
that these negotiations had failed
to materialize any definite plan of
action.

KLEINSMID GIVES IDEAL

ferent appeal for every type of theatergoer.

James McKeowan has been appointed resident manager of the Hillstreet Theater to replace Ben J. Piazza, who becomes the west-const representative of the West-ern Vaudeville Managers' Association. Mr. McKeowan has been with the Orpheum circuit for some time, and is well-known in the theatrical business in the East. He will take over the managerial reins the latter part of the month.

WILL WIDEN LOS FELIZ

The widening of Los Feliz Boulevard between the east city boundary and Brunswick avenue has been ordered by the City Council.

theatergoer.

There is red-blooded adventure for those who crave this sort of entertainment. It is apparent from the title, which divulges the use of the Coast Fire Patrol for the first time in pictures.

Developing from this novelty is a terrific explosion at sea, and later a fire to which the fire boats respond in a frenzy of activity.

There is red-blooded adventure for those who crave this sort of entertainment. It is apparent from the order the use of the Coast Fire Patrol for the first time in pictures.

Member of Triumvirate of Beauty

MOTHER AND SON

BY KENNETH TAYLOR The love existing between mother of its own down at the Mission Theater this week. "The Spirit of the U.S.A.." is the photoplay that does the trick. It is the latest pseudo-epic from that mother-and-son creative combination. Emilie and Emory Johnson, and it will probably, as the others have done before it, receive much of popular acclaim.

before it, receive much of popular acclaim.

The great conflict of a few years ago, which saved the world for democracy and revivified so many dying photoplay stories, figures only slightly in this picture, despite the title and advanced reports. An attempt was apparently made to treat the theme seriously and sincerely. So much so, in fact, that occasionally the reverse feeling prevails, and one is conscious of a touch of maudiln sentimentality, an unnecessary injection of hokum. Frequent waving of the nation's flag brings cheers from the small boys, but when these scenes are dragged into the story the serious theatergoer begins looking for the multitude of sins they probably cover. As it happens the defects in this picture are not prominent enough to detract from what interest there is in the story. The paramount fault is exceptional length, making the photoplay tedious and slow at times.

Johnnie Walker and Mary Carr

GUS EDWARDS JULIUS TANNEN LEAH, MAID O' MIST

Your coffee-money travels just so far. Buy cheap coffee and you get poor "mileage." You rob yourself of the very enjoyment you buy coffee for. Buy M.J. B Coffee [extra-rich in body and strength] and you get more "mileage" for your money. M.J.B goes farther-that's why!

To prove that, try this: use a little less of M.J.B to the cup. You'll still have a better cup of coffee than any "cheap" coffee could hope to give you; and it will cost less in the long run.

The economy of M.J.B is as simple as A.B.C. More body, more strength, more flavor to the pound means more cups to the can. More than that, the economy of M.J.B is sealed inthanks to our own vacuum process. Every bit of the extra-strength that makes M.J.B truly economical is locked in the airtight tin until you are ready to open it.

Remember that in coffee, as in everything else, you get just what you pay for. There is only one road to coffee economy and coffee contentment; and there are no detours. Simply use a coffee so rich in strength and flavor that it goes farther and costs less. In short—

"The coffee that goes farther" Office that goes farther" P.S.-TREE TEA Orange Pekoe [Black] or Japan [Green] es you more tea-value for your money, tool DAY MORNING.

Community Relief Fund Backers to Take Hundred Citizens on Inspection of Institutions

To "see for themselves" the kind of work that is being done by charitable and welfare-agencies that are uniting in the Community Chest, more than 100 Los Angeles citizens this afternoon will go on the first automobile visitation tour arranged by the Chest campaign organization.

The Children's Hospital on Sunset Boulevard will be the first agency visited this afternoon.

From the hospital the party will

proceed to the Regina Coell Or-phanage on North Hill street, and PLANNED FOR SCHOOLS From the hospital the party will

Sadie Kelly of 1110 Ingraham street, owner of the Buckingham Apartments at that address, has been invaded by a robber. Last night Mrs. Kelly and a tenant, apartment when a man entered after knocking and flourished a revolver. He wore a blue mask. He took \$55 and a cameo ring from Mrs. Kelly and then demanded:

"Well, where is the ring?"

Mrs. Kelly owns a diamond fing worth \$5000 which she was not wearing at the time. The

Mexico, who repeated the historic words of Hidalgo and kissed the Mexican flag which was the signal for the outburst of "Viva Mexico."

To the left of the speaker's stand the spectators viewed Miss Lilia Ortis, crowned queen of the occasion, and to the right was the stand containing the Mexican band and the Mexican furn corps.

Other features of the program were the followings: A reading by Amparo Guerrero, pupil of the Juan de Heras school; "Greetings to Mexico." sung by Mrs. Elena de la Liata, a reading by Miss Josefina Zounga; the reading of the Act of Independence of Mexico by Felipe de J. Velasco, secretary of the Mexican union of Newspaper men and the singing by the audience of American and Mexican national hymns.

The program today will begin at the Plaza at the Plaza platform beginning at 10 a.m. B. Caro, manager of the Mexican Herald, will make the official speech, a pageant; will be staged by pupils of the Juan de Heras school; there will be an address by Jose S. Healy and vaudeville acts by artists appearing at the various Mexican theaters of the city. That portion of the program will include with floral offerings and the singing of Mexican and American mational hymns.

The committee in charge of the festa will adjourn at the Plaza at 2 p.m., and continue the principal Mexican societies will meet. A feature at the park will be a program of national dances.

The flesta will conclude with a grand ball at the Knights of Polumbus Hail.

How Weber's New Six-Acre Factory

Will Reduce Your Selling Costs

Visit Los Angeles' newest and biggest factory - where expert craftsmen, aided by the latest machinery, make showcases, fixtures and soda fountains with remarkable efficiency and economy.

Then you'll realize how this ultra-modern store fixture factory (the largest in the West and in some respects the largest in the world) is helping you sell more merchandise at a greater profit. By efficient quantity production Weber reduces the cost of store equipment so you can afford better quality fixtures—the kind that actually create more sales for you.

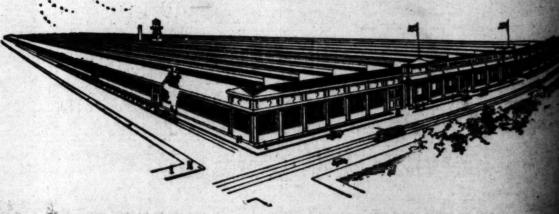

An INVITATION &

Retail Merchants - Architects - Contractors Business Men

You are cordially invited to the official opening ceremonies for the Weber Showcase & Fixture Company's new six-acre factory. A whole afternoon of interesting amusement. Sports and entertainment from noon 'til night. Short talks by public officials and prominent business men from 3 p.m. to 4. Boxing... Dancing... Contests... Exhibitions Tours through factory... Decide now to visit Weber's new factory Thursday afternoon, Sept. 18-before 3 p. m.

Cities Figures to Show How Parent Corporation Saves Millions for Local Company

Services on behalf of Los Angeles telephone subscribers, performed by the American Telegraph and Telephone Company, will result in a

who died a few hours later.

The arresting officers yesterday questioned Otto Schaeffer, with whom Arnett lived, who declared that Arnett had been drinking liquor and, following an argument with the waitress, who is 25 years of age, the woman became angred and picking up a bread-knife stabbed Arnett several times. Before he died Arnett, according to the police, said that a man named Tony Lopez, had stabbed him. Lopez was questioned yesterday by the officers. The arrested woman refused to discuss the stabbing last night.

BURKS KEEPS

by the American Telephone Company, will result in a saving of \$2,000,000 this year, N. R. Powley, commercial superintendent of the Southern California Telephone Company, declared yesterday by the officers who is 25 years of age, the woman became angred and picking up a breading to the hearing is resumed before the State Railroad Commission, and we will show further that the \$383,000 paid the parent company to at a luncheon meeting called by William Ladd, president of the Chamber of Committee, it was said that \$25,000 is still needed to defray the expenses of the committee in appearing before a minimum tangible value of \$1,720,000, and in addition intangible services of a minimum tangible value of \$1,720,000, and in addition intangible services of a minimum tangible value of \$1,720,000, and in addition intangible services of a minimum tangible value of \$1,720,000, and in addition intangible services of a minimum tangible value of \$1,720,000, and in addition intangible services of a minimum tangible value of the Railroad Commission, and representatives of organizations were stabbing last night.
